EVIDENCE STRANDS

The Bar Council has established a working party to formulate the Bar Association's response to the Law Council report.

The working party wishes to engage with members and seek their views on the matters raised in the report. This session, hosted by members of the working party, will outline the Law Council's draft proposal and canvass possible responses from the Bar Association. The forum will provide members with an opportunity to put forward their views on this important issue.

REGISTRATION IS NOT REQUIRED
